

Financial Assistance

At Lake Ridge Surgery Center, we provide quality care to all patients regardless of their ability to pay. If you do not have health insurance, we may be able to help you with your bill. Lake Ridge Surgery Center offers a financial assistance program for those patients that qualify. These programs include a charity care assistance program which is based on family size, income and other resources. For the uninsured that do not meet the qualifications for charity care, we offer a cash discount program. Please refer to the plain language summary provided for additional information.

To qualify for 100% charity write-off you must have an income at or below 200% of the current federal poverty guideline as published annually by the U.S. Department of Health and Human Services (see <http://aspe.hhs.gov/poverty/index.cfm> for current guidelines). You must complete a charity care application that can be provided by your physician's office or in person at our front desk. The completed application must be accompanied by, picture ID, current year tax return, paystubs and copies of your bank statement. This completed application can be hand carried or mailed to:
